Secondary Schools only – important change to reporting in SIMS.net

Academic reporting is now available through the Reporting menu in SIMS .net and replicates the General Student List, Class Lists, Registration Lists and Student Analysis reports found in NOVA T4 with some additional options. These reports are accessible to all school office staff regardless of whether or not they have access to NOVA. To find out about booking a presentation on Academic Reporting from SIMS .net for your School or Local Learning Community please call the number below to register your interest.

For all course bookings or on site training enquiries please contact 01392 385300 or email:
